Subject: URGENT Fw: Heads up - Pavillion

Dave and Alice,

We need to complete our timeline for Pavillion for review by the IOAA..

I know that Susan is working to get Alice the needed information from Rick, the TD database and contractor, but this is now a more urgent priority.

Bob Sussman has requested a meeting next Monday or Tuesday. He has specifically requested: "...an update on the ongoing USGS and EPA sampling in Pavillion, including the timetable for releasing results, the issues we will need to address and steps we need to take to prepare."

Dave, please have Susan provide the information to Alice tomorrow so we can develop the timeline and provide it to HQ no later than Thursday.

I assume this is doable.
 Let me know if you run into any problems.

Thanks,
 Cindy

Subject: Heads up - Pavillion

Bob S. asked me this afternoon about the timeline for getting the new EPA and USGS sampling results from Pavillion. He intends to schedule a meeting for early next week (he'll be on vacation the following week and wants to have this discussion before he leaves).
 Fred
